

Modify your home, save energy

Energy conservation is the subject of a new book, "Energy Conservation in the Home," published by the National Institute of Standards and Technology.

The book is the first in a series of publications that will help homeowners save energy. It covers energy conservation in the home, including energy audits, insulation, weatherstripping, and energy-efficient appliances.

The book is available in paperback for \$4.95. It is available in hardcover for \$9.95. The book is available in Spanish for \$4.95.
