

Preservation Heritage Fund Grant Program

The **Landmarks Illinois Preservation Heritage Fund** was established in 2004 to provide monetary assistance to preserve or protect significant resources in the state of Illinois.

Eligibility

Resource

- Eligible beneficiaries of Preservation Heritage Fund grants are historic resources in Illinois that are under threat of demolition, imminent deterioration, or are of such architectural importance that their preservation will benefit the public and Illinois community.
- Resources on Landmarks Illinois' most recent "Endangered List" are presumed to be Eligible Structures.

Applicants

- Applicants must be not-for-profit organizations or governmental bodies. Landmarks Illinois, in exceptional circumstances, can determine other persons or organizations to be eligible applicants if it finds:
 1. There is no other practical means of benefiting the Eligible Resource but to grant money to the applicant;
 2. The public benefit of preserving the Eligible Resource substantially outweighs the benefits to the applicant; and
 3. Every effort has been made to protect the public benefit of the preservation grant after it is made.
- Applicants must own the Eligible Resource, or have sufficient legal control of the Eligible Resource to permit the Eligible Project to be completed and protected as required by Landmarks Illinois.
- Applicants must possess the capacity to manage the grant funds prudently and have the expertise to execute the Eligible Project in accordance with its approved conditions. An applicant that lacks one or both of these attributes must submit to the expertise of a pro bono sponsor elected by Landmarks Illinois if, in its sole discretion, it offers to provide it.
- Applicants must agree to seek preservation protection for the Eligible Resource for the property which is part of the project through local landmark designation as may be applicable and available if not already protected.
- A follow-up report of the project is required to be submitted to Landmarks Illinois within a determined time period.

Projects

- A project must benefit one or more specifically identified Eligible Resources and one or more specifically identified preservation issues. Projects relating to Eligible Resources on the most recent Landmarks Illinois "Endangered List" will be given priority consideration.
- A project must be for the purpose of preserving (rehabilitation, restoration, adaptive reuse) all or part of an Eligible Resource. Ordinary expenses of owning or maintaining an Eligible Resource will not be considered preservation expenses.

- Landmarks Illinois strongly recommends that any documents or plans for preservation work prepared for the project conform to the Secretary of Interior's [*Standards for the Treatment of Historic Properties*](#), as appropriate.
- A project may include one or more of the following services provided each service can satisfy the project conditions described above:
 1. Engineering, architectural, and feasibility studies
 2. Stabilization
 3. Rehabilitation
 4. Legal services
 5. Surveys and National Register Nominations
 6. Preservation ordinance support
- A project may not include services that have been completed at the time a grant is requested.

Size of Grants

Grants range from \$500—\$5,000. The size of the grant will be determined by the need of the Eligible Applicant and will be awarded on a matching basis. A match may be a direct dollar amount or, using volunteer labor or services, equal the value of the grant.

How to Apply

A completed application must include:

- The Preservation Heritage Fund application form
- Digital images of the Eligible Resource.
- A clear description of the threat to the resource and a proposed plan of action.
- The application must specify the amount of money needed for the project.
- The applicant must provide documentation from the IRS of its not-for-profit status and the Bylaws of the organization.

Applications which do not include these items will not be considered complete.

Review of Application

- Landmarks Illinois Preservation Heritage Fund Grants are awarded twice per year by the Reinvestment Committee.
- Application deadlines: April 1 and October 1.
- Applications will be judged on the importance of the Eligible Resource, the nature and degree of the threat of demolition, the quality of the applicant organization, and the quality of the proposed plan of action.
- Landmarks Illinois has a limited amount of grant money available each fiscal year. Some worthwhile and eligible projects may not be awarded grants due to limited funds but may be considered in the following year.
